The following features are planned for the next version of SimplyLinks. Please use the forums to discuss the features and refine the suggestions. Please consider donating to the development fund to accelerate the addition of the features!

- Multi-Lingual Support (UTF-8)
- Keyword Case-Sensitivity Option/Fix
- External Link Target Option (New Window/Existing Window)

Future Release Features:

- Link Option: Link to VirtueMart Products
- Link Option: Link to Menu Items
- Link Priorities (link "red hat" before linking "hat" so that both can be defined and non-overlapping)
